CORPORATE PARK PLANS PROCEED

George Stein, chairman of the Corporate Park Committee, consulted with Selectmen concerning improvements and landscaping to the Mattapoisett Corporate Park. Mr. Stein said that it is his understanding that a Federal Grant of \$11,000. is available and can be spent for planning and landscaping of the park site. He outlined the immediate needs as: 1) A topographical survey to establish how much of the land area is buildable. 2) Preliminary planning for landscaping. 3) Landscaping at the park entrance. 4) A tasteful sign to be visible to the highway at the park entrance.

The Selectmen were in agreement with these aims and asked Mr. Stein to contact Highway Surveyor Manuel Nunes to find out if he has received any recent information on the State's promise to build a commuter parking lot across from the entrance of the park near the exit ramp of I-195.

Mr. Stein showed the Board of Selectmen a sample of a promotional brochure that might be used as a guide in preparing a similar advertising message to promote the park. He suggested that the attractions of the town be included to interest prospective business to locate here. The consensus was that high quality research and development types of business would be most compatible to the area. Chairman William Hubbard suggested that the

PARKING ON PRIVATE PROPERTY

Mr. Joe Guard, who is proprietor of Joe's Arco Station on Route 6, consulted the Selectmen on a problem of a nuisance and vandalism on his property. Mr. Guard said that patrons of a neighboring restaurant are spilling over onto his property at night, parking their cars in front of his service station in such numbers that he can't move his wrecker on his own property. He said that vandalism to his property is on the increase and the source may be from this heavy, unwanted traffic. Mr. Guard said that beer bottles, vandalism in stolen equipment from cars parked on his property have caused him increasing expense and trouble.

More Calendars Coming

TO THE EDITOR

The Historical Society of Mattapoisett has ordered 500 more Bicentennial calendars and expect delivery in about 6 weeks. For those interested in the pictures that are in the calendar the following has been told us on 2 of the pictures: From Katherine Harrington, Providence, Rhode Island: "Of course this whole family is most interested in the picture entitled looking from Pine Island Road to Hammond's Hill. As you may know the driver of the team is the late George W. Harrington. The rig was called a unicorn rig and the most difficult to drive of any, harder than a tandem or a four-in-hand. Those who knew Mr. Harrington in his later years probably had no idea what an accomplished horseman he was at the turn of the century. This picture was taken about then."

And from Mildred A. Hammond in Richmond Hill, New York: "I believe the cyclist in the next to the last picture, Bay View Hotel, Water Street, may be my Uncle Gene."

When the new order of calendars arrives we will let you know.

GLENN MILLER ORCHESTRA TO PLAY
AT MARION'S BICENTENNIAL BALL

At its regular monthly meeting Thursday night, the Marion Bicentennial Commission announced that tickets for the Town's Bicentennial Ball will go on sale early next month.

The costume ball, which is to be held at Massachusetts Maritime Academy on December 4th, will feature music by the Glenn Miller Orchestra. Jimmy Henderson, an original member of the band, is the conductor and has developed a special repertoire for events such as this, in addition to the many popular numbers played by the original band in the 1930's and 1940's.

In other business, the Commission discussed details of the opening ceremonies for the Bicentennial Year, which will be held on Saturday, January 31. Commission members voiced concern over the proposed location of the ceremonies because several members felt the Congregational Church may be too small to handle the number of people who may attend. Alternatives suggested were the auditorium at Sippican School or Wickenden Chapel at Tabor Academy. No decision was made, but the matter will be discussed further at a sub-committee meeting on Monday.

ESSAY AND POSTER CONTEST

The Commission also heard from William Saltonstall who announced the start of the Bicentennial essay and poster contest at Sippican School. Grades 1 - 3 will design posters depicting an event or famous person of the Revolutionary War, and Grades 4 - 6 will write on "1776 or 1976: In Which Year Would I Prefer To Live?" The contest ends January 30 and the winners will be announced the following week. First and second prizes will be awarded to both groups of children. In addition, the winning essay and poster will be published in "Sippican '76", the Commission's brochure. Posters

BEARD CONTEST

Mark Hill reported that the Bicentennial Beard contest is underway, and persons may enter at Al's Yankee Clipper Barber Shop. The Commission voted to open the contest to anyone who wishes to participate, not just to Marion residents. It was also voted to see if Monty's Barber Shop would also like to participate in co-sponsoring the contest.

HISTORIC HOMES

Marion Channing said that a 98 percent positive response has been received from residents owning homes built prior to 1855, and that 159 plaques will be ordered shortly for delivery to these homeowners so that the plaques can be put on their houses by early Spring. Mrs. Channing said much credit for the success of the project must go to Ed Gillisse who developed an attractive bronze plaque which could be produced inexpensively.

Postal Inflation

Editorial, D.C.J.

The people of the United States are receiving the benefit of a several year duration campaign against advertising mail. This so-called "junk mail" is the volume sent mail that has been the bread and butter of the postal system. The victory has been all but won. The pay-off is tremendous. It is a 30% increase in pos-

tal rates. This boost to inflation is so great that should any large corporation try to follow suit (with the exception of the oil companies) the government would not tolerate it. The Post Office, with a monopoly guaranteed by law, is in a special category. The postal increase cannot be fought by competition. It can only be eliminated by withdrawing business. That is why the daily newspaper is carrying more and more advertising brochures and the mail box is not. That is why, in a single year, the cost of mailing a first class letter went from 10¢ to 13¢ and will continue an outrageous rise. The average household which mails a dozen letters a year and 50 to 75 Christmas cards is not going to support the fat colossus that is the United States Post Office. Every business has to have a volume base which is its basic support. Those who purchase service in volume get and deserve a special rate. To price this base out of all reason is to commit economic suicide. Now, we all realize that the Postal Department could care less about profits or breaking even. They are a government guaranteed monopoly and

as such they strive to lose more this year than they did last year so that their budget will constantly be on the increase. However, it should be of real concern to every citizen that the Post Office is now embarked on a program that will skyrocket the cost of mail at an accelerating rate. It is a fact that you cannot sell a service for more than the client is willing or able to pay. There is always an alternative.

The public has been conned as usual. Sold the idea that advertising mail is junk, they have supported the drive to price it beyond reason. Now they will pay. Each billing by first class mail will increase costs that must be passed on to the customer. Each decline in the volume of advertising by mail will be offset by an increase in the cost of all other mail. The fixed cost of the postal facilities remain regardless of whether they handle mail or

not. It is foolish to pretend that any such government department would ever operate efficiently with no incentive but to do the opposite.

A gift of the highest quality creates good feelings two ways: the giver knows he has chosen something truly fine and the receiver knows that he is thought of highly. So, it's good psychology to give a small gift that is the best of its kind (like a fine silk scarf), instead of a larger one of lesser quality.

Israel, countries of Europe and Asia. You name it, Uncle Sam is sending money.

Is it too much to expect that a nation with such open handed representatives in the Congress and executive branches, should furnish a postal service that is efficient and within reasonable cost even if it has to be subsidized just as we subsidize the world?

If this is too much to expect, then the Post Office should be put out to bid to private business to be run as a business. In this case, you may make book that all mail would be eagerly invited - the more volume the better, and the rates would be attractive to volume and at the same time within reason to all types.

Evening of Poetry

ENTHUSIASM IS MOUNTING
LISTEN TO POETRY COME TO LIFE

FORAM invites you to get acquainted with your school library--its needs and its potential. Come enjoy a free evening of poetry reading in the ORR Junior High School Library on Friday, January 16th, at 8 P.M.

William L. Saltonstall, past principal of Exeter Academy for 25 years, also head of the Peace Corps in Nigeria for 2 years as well as Commissioner of Education in Massachusetts, will read excerpts from John Brown's Body.

Vernon Ingraham is a professor of English Literature at SMU. You've never heard poetry read until you've listened to Mr.

Photo courtesy Plimoth Plantation.

This is where people once made beer out of parsnips, pumpkins and walnut tree chips.

But not only that, a lot of big things have happened here, too. For instance, on December 11, 1620, what we now call "Forefather's Day" in Plymouth, the men of the Mayflower's shallop navigated Plymouth Harbor.

It was just the beginning of the first successful colony in the new land. It was a small effort, but the ramifications were overwhelming.

Just as these first settlers were impressed with the great assortment of trees, with the wild flax and hemp, with the herbs and grape vines, today's new settlers are impressed with a vital community, growing with new industry and commerce.

A region ever mindful of its rich past, Plymouth County's progress is based on a tradition of success out of cooperation — the Pilgrim's formula.

And this is the basis for the success of Plymouth Savings — Plymouth County's largest bank. A bank aware of its responsibility to cooperate with the community and with the consumer.

Whenever big things happen in the world of banking, they happen at Plymouth Savings long before any other bank in the community. For instance, we were among the first with 24 hour banking, and the first with Doublecheck, the free NOW Account.

At Plymouth Savings we're in front with new ideas. We have to be. We're serving that pretty inventive group of people who've inherited Plymouth colony.

The big things happen here...

Lanagan added 20 to help lead the team to victory.

January 6, the team's fifth win was their closest game of the season so far, winning by only one point over the D-Y JV's. Jeff Dickerson scored his 106th point of the year adding 20 to this victory, while Tommy Lanagan scored 14 points and Jimmy Lanagan added 10 points, including what proved to be the winning basket with about 30 seconds left to play in the game. With 12 seconds left to play the Bulldogs had possession of the ball again and excellent dribbling by Jimmy Hoff ran the clock out, thus giving the team a 54 to 53 win over the young Dolphin team.

Varsity Hockey

December 29, the varsity hockey team lost to New Bedford Voke by a score of 4 to 3. Goals were scored by Freddie Colsen and Dave Hickey, scoring 2 of the 3 points for ORR.

December 30, the team lost to the New Bedford High team by a 2 to 0 score. This was the first time this season the NBH team was held to only 2 points. Glen Gaspar played a terrific game in the net for ORR, stopping 44 shots-on-net by NBH to the opposing goalies 9 saves.

January 5, Dave Hickey scored 2 goals and Bob Moody and Dave Souza each added a goal to lead the skating Bulldogs to a 4 to 1 victory over Bristol Aggie. The win was the Bulldogs' second of the year.

Rochester Historical Society

The Rochester Historical Society wishes to extend heartfelt thanks to all who helped make the opening of their Craft Guild in Rochester Center a success. Because of your interest more than 40 area craftsmen (and women) received a nice bonus at Christmas. The need for a shop of this type has been explored and found important.

The shop has cut back the hours which it will be open until warmer weather. Therefore, you can find these crafts any Sunday afternoon between noon and 4 P.M., and the staff, made up of Historical Society volunteers, will be happy to see you, offer you a cup of hot coffee, and either sell you a fine handcrafted item, or arrange to sell the product of your own "crafty" hands.

The "Historical Corner" always has a supply of Society specials - the Cook Book, Bicentennial Coin, map of Rochester in 1704, "Legends, Loves and Loyalties of Old New England" by Leonard, post card views of Old Rochester, and maps from other area towns as sponsored by other Historical Societies.

All items are on consignment - there is no charge to any craftsman for displaying his item, and the proceeds go to the Historical Society's treasury, with a Historical Museum as the goal. (The proceeds are derived from a small markup on the craftsman's own price.)

Remember, Sunday afternoons only, until Spring.

Library News- Mattapoisett

On Wednesday, January 21, for one day only, the library will hold amnesty. No fines will be charged on any overdue books returned on this day.

This month's art exhibit is a display of quilts by "Oldsquaw-Quiltbuilders extraordinaire". The team is made up of Deborah Keir and Becky Williams, and they have been designing and sewing their own quilts for about a year. Their specialty

is game quilts-large patchwork "boards" of chess, checkers or backgammon, complete with playing pieces. Lately they have also branched into making children's "sleeping pockets" and personalized custom quilts. They have exhibited quilts at various local craft fairs, as well as at the Boston 200 Bicentennial Quilt Show

Grange Fund

This week the contributions to the Restoration Fund brought back fond memories of my younger days as the Master of the Grange.

Mr. and Mrs. Albert Heuberger made a contribution in memory of Mr. and Mrs. Helmuth Heuberger who were life long members of the order, and I believe most of the Heuberger family were members also. I can remember Mrs. Heuberger, Mrs. Joseph Furtado and Mrs. Edwin Toolis, sisters, sitting

together and enjoying our meetings. Their singing would ring through the hall and their laughter was an inspiration to everyone.

Anna Bradley has also added to the fund. She was lecturer when I was master. I can remember doing the waltz with Anna as Ethel Sherman played the piano, and to this day I cannot remember dancing with a better partner. I am happy that I am old enough to remember the older members of the Grange, when people had time to enjoy themselves. They certainly gave me a lot of pleasure.

The committee and I are grateful for the funds we have received, so this grand old hall, as our Town front door, will be once more an attraction.

Thanks again,
John Figueiredo, Master
